

Navigating NRCS Programs

Your Roadmap to Conservation Funding

March 9, 16, 23, 30 | 12:00 pm – 1:00 pm | Webinar Series

The **Natural Resources Conservation Service's programs** can provide valuable support for working lands, but the process isn't always straightforward. Join the **California Rangeland Trust** for a **four-part webinar series** offering practical guidance on available opportunities and what participation involves. Each session will be led by Sarah Leal, our Conservation Technical Assistant, and will include a participating rancher who will share firsthand experience with the corresponding program.

March 9

Part I: Environmental Quality Incentives Program

March 16

Part II: Conservation Stewardship Program

March 23

Part III: Additional NRCS Programs

March 30

Part IV: Funding & Financing Options
